\*Developed by JASON and Science Kit and Boreal Labs, these kits contain 95% of all materials necessary to conduct 20-25 hands-on Labs and Field Assignments in each curriculum, including safety supplies. Quantities are sufficient for a classroom of 30 students working individually, in pairs, or in groups.

## PROFESSIONAL DEVELOPMENT WORKSHOPS AND SEMINARS

JASON Professional Development increases educators' content and pedagogical knowledge and is a fast track to instructional leadership. Educators receive all the tools and teaching strategies necessary to deliver technology-intensive, inquiry-based STEM curricula, including lesson plans, alignments and assessments.

### JASON Curriculum Express Workshop\*

**Fee: \$4,500**

One-day, hands-on introduction to JASON programs, curricula, and student and teacher resources

### JASON Curriculum Workshop\*

**Fee: \$6,500**

Comprehensive, two-day workshop on JASON curriculum unit and all programs, resources and activities

### JASON Train-the-Trainer Seminar\*

**Fee: \$7,200**

Two-day, hands-on workshop with instruction for turnaround training

To arrange for Professional Development workshops and seminars, please contact [pd@jason.org](mailto:pd@jason.org).

\*Every educator receives a Teacher Pack of curriculum (one Teacher Edition, one Student Edition, and one DVD). Train-the-Trainer participants receive free access to all JASON online trainer materials and tools. All sessions can accommodate up to 25 teachers and may be customized to meet local needs.
