

PROFESSIONAL DEVELOPMENT

Sign Up Today for Hands-on Workshops!

The JASON Project's comprehensive professional development program is designed to help teachers develop their 21st century teaching skills while learning to use JASON curricula with their students. Call 1-888-527-6600, e-mail pd@jason.org or visit www.jason.org to learn more!

Hands-on Teacher Workshops

At JASON workshops, attendees learn about and practice:

- Motivating and inspiring students using JASON's unique "great explorers and great events" curricula
- Incorporating hands-on, inquiry-based lab investigations
- Integrating technology and multimedia into lesson plans
- Teaching strategies to differentiate instruction
- Reading strategies to improve student literacy
- Effective classroom management
- Science content necessary for effective instruction

Taught at your site by JASON Lead Trainers, workshops include:

- A comprehensive overview of JASON's free curriculum resources
- An in-depth look at one JASON Mission, with a focus on lesson plans, lab activities, video resources, and online games
- A sampling of additional Missions in which teachers collaboratively conduct lab investigations
- Hands-on introduction to JASON Mission Center online resources
- Demonstration and discussion of best practices in curriculum implementation and student engagement

"I am so excited about this curriculum and I am anxious to implement it in my classroom. In all my years of teaching, I have never been so motivated, excited and inspired ..."

Andrea Jones
5th Grade Teacher
Los Angeles Unified School District
October 2009

Hands-on Train-the-Trainer Seminars

- Modeling of best practices for training others, and strategies for creating successful JASON training sessions
- Hands-on practice developing and presenting training activities
- Official certification as a JASON Field Trainer
- Access to JASON's Field Training Resource Center, including all survey and logistics tools and ongoing mentoring by JASON staff

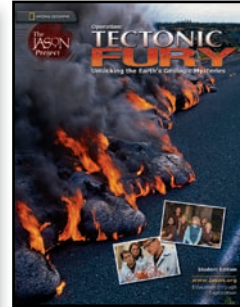

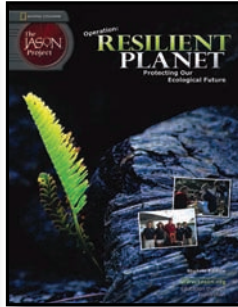

Offerings

Bundled packages for professional development, curriculum, and lab materials; discounted prices; and grants may be available. Please see www.jason.org or contact us for more information.
